Description:	32 Counts, 4 Walls, Beginner/Improver Line Dance
Music:	"If You Can't Make Money" – David Bradley (album: Movin On (3.16mins) or Single (3.06mins))
Music Notes:	Either the album or the single version will work no problem. The album version has a joke at the start which some people may or may not find offensive (however no foul language).
Count In:	32 counts from start of track. Approx 137bpm.
Notes:	There is 1 very obvious tag on the 9 th wall – the track sounds like it has finished, keep dancing to the end of the dance – hold for approx 2 counts - restart when music kicks back in (its quick). – Or you could fade the music at this point.

TAG...	The 9 th wall begins facing 12.00 – Within the first 8 counts of starting the 9 th wall, the music sounds like it's finishing with sound of people clapping, keep dancing through all this up to the end of the dance which will take you to 3.00 – you might need to hold for about 2 counts, then start the dance IMMEDIATELY when the music kicks back in (after quick drum roll),	

Please do not alter this step sheet in any way. If you would like to use on your website please make sure it is in it's original format.
